LOAN AGREEMENT CONDITIONS

CARE AND PRESEVATION

Property of the Lender loaned to the Borrower shall be given proper care to insure against loss, damage or deterioration. The Borrower agrees to meet any special requirements for installation and handling. The Lender is to be notified immediately if damage or loss is discovered. If damage occurred in transit, the Borrower will also notify the carrier and will save all packing materials for inspection. Items may not be altered, cleaned, repaired or fumigated without the written permissions of the Lender, nor may framing, matting, mounting or glazing be performed on any items without written permission from the Lender. No items may be examined by scientific methods without written permission from the Lender. Precautions shall be taken to protect borrowed items from fire, theft, mishandling, and extremes of light, temperature, and humidity while in the Borrower's custody. The Lender and the Borrower understand and agree that all tangible objects in the world, including the borrowed items, are subject to gradual inherent deterioration for which neither party is responsible. Items may be handled only by experienced personnel.

PACKING AND TRANSPORTATION

The method of packing and transportation arrangements for the property on loan must be agreed upon by the Lender and the Borrower. The Lender warrants that the items on loan to the Borrower are in good condition to withstand ordinary strains of packing, transportation and handling. The Borrower agrees to meet any special arrangements for packing and shipping. Unpacking and repacking must be performed by experienced personnel. Repacking must be done with either original or similar materials and boxes.

INSURANCE

Lender's property on loan to the Borrower shall be insured at the Borrower's expense for the amount specified herein under the Borrower's property insurance policy subject to the following standard exclusions: wear and tear; insects or vermin; gradual deterioration or inherent vice; repairing, restoration or retouching processes; hostile or warlike action, insurrection or rebellion; nuclear reaction, nuclear radiation or radioactive contamination. The Borrower agrees to insure the items in the amount specified by the Lender on the agreement herein, which should reflect the fair market value of the items loaned to the Borrower and not to exceed the limits under the above named insurance policy. If the Lender fails to indicate an amount, the Borrower, with the implied concurrence of the Lender, shall set a value of no more than \$100.00 (U.S.) for purposes of insurance for the period of the loan and shall obtain the written approval of the Lender. Said value is not to be considered an appraisal. The amount payable by insurance secured in accordance with this Loan Agreement is the sole recovery available to the Lender from the Borrower in the event of loss or damage.

It is the responsibility of the Lender to supply the Borrower with accurate information in regard to the borrowed items so that insurance coverage shall be sufficient. In addition, within the period of the loan, it is the responsibility of the Lender to notify the Borrower of updated insurance valuations. The Borrower shall not be responsible for any error deficiency in information furnished by the Lender to the insurer or for any lapses in coverage that occur due to mistakes or failures made by the Lender.

If the Lender elects to maintain his or her own insurance coverage, the Borrower must be supplied with a certificate of insurance evidencing coverage prior to shipping. The Lender's insurance policy either must name Chapman University as additional insured or must waive the right of subrogation. If the Lender fails to provide such a certificate, this failure shall constitute a waiver of insurance by the Lender.

CANCELLATION/RETURN/EXTENSION

The loan is made with the understanding that the item(s) will be on view during the entire exhibition period for which it has been requested. Unless otherwise agreed to in writing, a loan terminates on the date specified on the face of this agreement. Any intention by the Borrower to withdraw the loan from the exhibition at any time must be communicated to the Lender immediately. The Lender reserves the right to recall the loan or cancel the loan for good cause at any time, and will make effort to give reasonable notice thereof. Any extension of the loan period must be approved in writing by the Lender or his designate and covered by written parallel extension of the insurance coverage. Borrowed items shall be returned only to the Lender of record or to a location mutually agreed to in writing by the Borrower and the Lender of record. In case of uncertainty with respect to the ownership of loaned items, the Borrower reserves the right to require a Lender/Claimant to establish title by proof satisfactory to the Borrower.

When the loan is returned, the Borrower shall send the Lender a receipt form. The Lender agrees to sign and return this receipt to the Borrower within thirty (30) days after its mailing. If the Lender fails to sign and return the receipt within thirty (30) days after its mailing, the Borrower shall be released from any further liability for the borrowed items at 12:01 a.m. on the morning of the thirty-first (31st) day.

INTERPRETATION

In the event of any conflict between this agreement and any forms of the Borrower, the terms of this agreement shall be controlling. This agreement shall be construed in accordance with the laws of the State of California.
